report to the listener

Dear Listener

As I began this report to you, KPFK was wrapping its most successful fund drive in history. The total will come to \$360,000, which marks the highest figure ever reached in dollar terms, that is, without factoring in inflation. We have you to thank for this success, and we do so with awe and wonder.

Like most fund drives, emotions ride a roller coaster. This time the highs were higher and the lows were higher too. For example, as the drive opened on February 25th, your pledges over the first three days averaged more than \$35,000 a day. This period coincided with the last 72 hours of the Persian Gulf War.

Alan Fong

When the cease fire came, pledges dropped off by more than \$10,000 a day. I didn't know what to make of the decline and needed an attitude adjustment to put the achievements in perspective. Even at \$25,000 a day, KPFK was doing the best it had ever done in winning listener support. Moreover, your support continued to come in record amounts and numbers of new subscribers over the remaining nine days of the drive. Again, thank you!

Now reality sets in: fund drive pledges are promises to pay and not everyone fulfills the promise; KPFK has cost overruns, partly associated with the cost of our Persian Gulf coverage and we must cover those costs before incurring new ones.

However, the basic fact remains that the success of this fund drive will be dedicated to a new hire at KPFK: a Public Affairs Director to help coordinate the many special and community events coverages, and our regular programming as well. We'll spend the next few weeks making sure we can recruit well for this position and by late spring hope to make that hire. If you are interested in a job description, by all means send an inquiry letter to me at 3729 Cahuenga Blvd. West, North Hollywood 91604.

In fact, if all goes well over the next few months, KPFK will be mapping a long range (strategic to use a buzzword) plan for the future. In late March, I start learning about the 1990 census and will want to weave some of that information together with audience information to make future decisions about our programming.

Since the longest journey begins with the first step, let these last sentences represent our first steps together toward dialoguing about KPFK's future. While this future is presently open for comment and interpretation, I invite your input. In general terms, the future will likely countenance a more multicultural approach to programming, which will reflect the changing demographics of this region. I'm interested in your thoughts about this. No hurry, but think about your own thoughts and if you wish, send them on to me.

Thank you.

The KPFK Station Advisory Board will meet at KPFK on Tuesday April 2nd and Tuesday May 2nd at 7:30 pm. I would like to take this opportunity to thank outgoing board member Charles Berle for his service to the station and the Advisory Board.

The Pacifica Foundation provides the KPFK mailing list to an organization which in turn rents or exchanges, on behalf of the Foundation, mailing lists of other non-profit organizations. If you object to having your name and address used in this way, please write to our Subscriptions Department, enclosing a recent Folio label, and we will omit you from our exchange list.

If your request has already been entered into the computer, the letters "NX" will appear on the top line of your mailing label, to the right of the expiration date.

Four years in the making, the conference *Malcolm X: Radical Tradition and a Legacy of Struggle* was convened by the Cooperative Research Network in cooperation with the Borough of Manhattan Community College. The conference was based on the belief that clarity about the life, leadership and legacy of Malcolm X would strengthen the theory and practice for Black Liberation. It included plenaries on "Malcolm Remembered: 25 years of Research and Retrospective Reflection," "Malcolm X and 3rd World Leadership," "Youth Culture and Rebellion," "Can We Make Schools Work in Communities That Don't?" and "Black Women and Black Liberation — Fighting Oppression and Building Unity." Ron Wilkins hosts. (Wed. May 15, 8:00 pm; Sun. May 19, 9:00 am).

THANK YOU!!

To all of the subscribers and donors, phone room volunteers, programmers, engineers, envelope stuffers, pledge enterers, gophers, cooks, well wishers and others for a fabulous Fund Drive.

Mbira Musicians in the African Culture of Zimbabwe. Stella Chiweshe had to fight for years to play the mbira because "it is not a woman's instrument." Happily, she prevailed. (The mbira is the noted African thumb piano with metal keys — many African nations were smelting iron while Europeans were still carrying clubs and living in caves! — fixed to a wooden soundboard, wedged into a calabash resonator.) Once she had mastered the instrument, she was finally accepted professionally by the male maridzambira, and ended up touring Africa, Asia, Australia and Europe both as a musician and actress. Stella Chiweshe is truly a national treasure. "Ambuya?" Shanachie Records #65006 CD. 'Fluff & Fold' Should Refer To Your Laundry, Not Your Newspaper.

Who has consistently brought you the shocking truth about toxic waste, poison fish, corporate collusion and the cover-up of these problems?

And who does give you this kind of hard hitting reporting in the maze of publications available today? *Random Lengths News*, that's who.

Who brought you the revelations that exposed the CIA's role in the bombing of Pan Am Flight 103, the looting of America's Savings & Loans, and the KAL 007(Korean Airlines) crash in 1984? And who published the Christic Institute's allegations connecting the CIA/Reagan administration to arms for hostages and arms for drugs deals? Or The Ollie North Drug Ring?

Who has consistently fought for the issues of clean air, clean water, preserving the environment and helped publicize those citizen groups fighting for these same goals?

Who has brought you award winning writers, writing on the critical issues of our time, with a "no holds barred" approach?

Was it the *L.A. Times*? The *L.A. Weekly*? The Santa Monica *Outlook*?

The answer is a resounding **NO.**

Random Lengths independently owned, progressively minded, has been published by artist & activist James P. Allen for more than a decade. With more real news than most weekly and many daily newspapers; we do not avoid the tough issues.

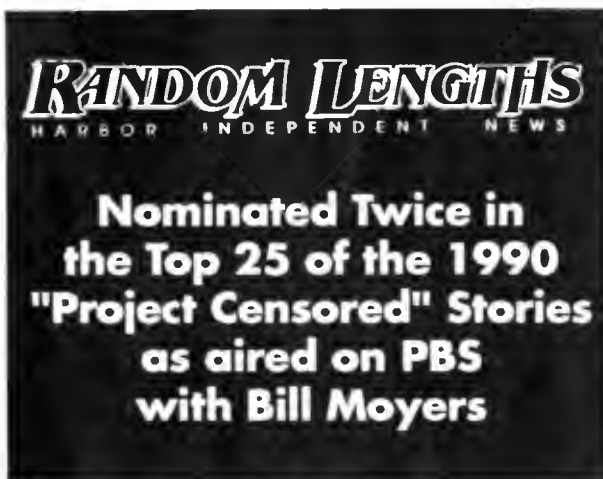

Along with our complete calendar of events, you will enjoy the Fine Dining Guide, Health and Fitness News, Travel Features, plus award winning cartoons and much more.

Random Lengths is already the L.A. Harbor Area's most widely read and best written news

source. Now you can take advantage of this valuable resource.

So where can you pick up a copy of the Harbor Area's Best Newspaper? Right in your mail box! For as little as 63 cents per issue you will have access to information that the other papers won't even print.
